AN OPEN LETTER.

SALT LAKE CITY, June 21st, 1888.
I was born in the pretty little village
of Underwood, Devonshire, Eng-
land, in the year 1822. I re-
mained at home and worked on
the farm until I was 19 years old.
The recollection of those early days
are very pleasant to me as life creeps on.
After leaving the farm I spent fourteen
years in the English navy. In 1872 I
came to America, and six years ago I
came to Salt Lake. The only blight to
my life, especially my boyhood days,
when life should have been the bright-
est, was a disfigurement that I was born
with, namely, cross-eyes. I never will
know just how much difference it has
made in my life, but I know it made a
great deal in my early days. I've been
cross-eyed 66 years. On Monday of
this week Dr. Prentice straightened my
eyes in half a minute, without causing
me any pain. Even at my age I am
proud to have straight eyes for the bal-
ance of my days. I call at Dr. Prentice's
office at the Continental Hotel, Salt
Lake City, nearly every day, and
have seen him do operations without
pain that are almost miraculous. It is
with pleasure I add my testimony.
HENRY HONEY.
746 First South Street, East.A MR. HONEY, of the Eleventh Ward,
66 years of age, who has been cross-
eyed all his life, had his organs of
vision set perfectly straight by Dr.
Prentice, at the Continental Hotel on
Monday. He exhibited his eyes to a
HERALD reporter Thursday, and said
the operation did not hurt him in the
least.—SALT LAKE HERALD, June 22.

DEAFNESS CURED.

Madame Emma Seaman, the widow
of the late Baron H. Seaman, has been
deaf for some time; could not hear a
watch when pressed hard against her
ear. She has been under Dr. Prentice's
treatment for only two weeks,
and can now hear the same watch three
feet from her ear. She is not only de-
lighted but greatly astonished at the
speedy and perfect results of Dr. Prentice's
treatment. The Doctor says the
cause of the deafness was catarrh of the
internal ear. Professor Seaman will be
pleased to answer any questions con-
cerning her case at San Francisco Lodge
of Elks, S. F., Cal.Chat Roberts cured of deafness.
Many more cases could be referred to
but space forbids. Those wishing to see
the Doctor should do so at once at Con-
tinental Hotel, Salt Lake City. Send
one cent P. O. stamp for Dr. Prentice's
Journal on diseases of the head.
Dr. Prentice's diploma can be seen
at his office, Continental Hotel.

SHE NEVER SAW A MARDI-GRAS.

"I have lived in New Orleans all my
life, and never have seen a Mardi-Gras.
From early childhood I have been
troubled with bad sight, and always de-
pended on my companions to inform
me of the subject, etc., and tell me
what was passing by. I had always to use
the strongest kind of opera glasses in
addition to my eye glasses, procured
from the leading opticians, and yet I
never saw a procession of any kind to
my satisfaction, or near as well as other
people could, until the Momus pro-
cession of last week. I could then, for the
first time in my life, read all the signs
and the minutest detail distinctly.
"I could never see the music score
when seated at the piano, and could
not sing from a sheet of music when any
one else held it. I have passed
friends and acquaintances on the street,
never being able to distinguish
them. I have sat in a street car
and handed my fare to my husband
and did not know him. I could have
ridden all the way home with him, not
knowing who he was if he did not
speak. In fact, I could hardly men-
tion the many instances of annoyance
my bad sight has caused. I have
tried leading oculists, and
got glasses from the first opti-
cians of the country. I have un-
derwent constitutional treatment, took
ever so many drugs, all to no purpose.
I finally resigned myself to my sad fate,
and thought I'd make the best of it.
But at last I found perfect relief in
skillful treatment and application of
glasses by Dr. Prentice, and I shall
never know how to express my grate-
tude for all he has done for me. He
has most certainly given me a pair of
new eyes.
MRS. J. Z. MILLER.
"612 St. Claude Street, N. O., La.In 1885 Dr. Prentice invented and
copyrighted a mathematical system for
fitting spectacles or glasses which is,
undoubtedly, the most accurate of any
now in use. It is used in England,
Holland and France. Dr. Gardner, of
Chicago, says it is the true principle.
Dr. Holmes says he has found it very
useful. Dr. Fitch, a trustee of the
Illinois Eye and Ear Infirmary, relies
on it almost exclusively. With this
system the most delicate and sensitive
eyes can be fitted with glasses so ac-
curately that they are relieved of all
strain, and thus they soon recover their
lost strength. Spectacles fitted and
ground to order in this manner do not
change as ordinary glasses do, but they
wear for years and preserve the sight.
Dr. Prentice, Continental Hotel, Salt
Lake City.

A HAPPY MAN.

SANTA CRUZ, (Cal.) June 3, 1887.
Dr. Prentice, 625 Sutter Street, San
Francisco—My Dear Doctor:—Please
allow me to congratulate you (as well
as myself) on the success of your treat-
ment in my case. As I told you when
we first met two months ago, I had
suffered untold agony for twenty-one
years, with the Piles, often being unable
to perform any manual labor for weeks
at a time, being compelled to resort to
morphine to deaden the pain, life
seemed a burden and hardly worth
living, the constant pain and irritation
driving me nearly crazy. After trying
many remedies without any permanent
relief, I happened to see one of your
advertisements and concluded to try
once more, and thank the good Lord
and Dr. Prentice, I am now once more
a well man, and again life seems worth
living. I should be glad if some of my
suffering friends of Norwalk, Florida,
and Scotchman, Maine, could be treated
by you. Yours, with gratitude,
ROBERT WILLIAMS.

Donovan, but which was never per-
formed. Donovan, it is alleged, never
signed the bills, and his name was
